May 16, 2005

The following is in response to the office action dated February 28, 2005. Please cancel claims 17, 19 and 21. Kindly enter the following amendments to the claims.

Claim 1 (currently amended)

A template data structure for computerized generation of a display of information on computer display devices, said template defining a display area with a dimensional configuration of a height of approximately a first whole number of dimensional units and a width of approximately a second whole number of dimensional units, said template data structure comprising: a plurality of grids combined and arranged together to fill the entire display area of said template, each of said grids being dimensioned to have approximately a two dimensional unit by one dimensional unit configuration, wherein only grids of the desired 2x1 unit length-to-width ratio of dimensions are used to form all display
